

Water & Sewer Commission

The Water & Sewer Commission is composed of five (5) members. The Commission regularly meets on the second Tuesday of every month and at the call of the Chairman.

This past year the Commission has worked to keep costs down and become more solvent. Accomplishments this past year include:

- Purchase of hand-held meter reading data collectors and required updated software.
- Crystal Lake Dam inspected and moving forward with application for Historic Preservation status.
- Relocation of fans in the water treatment plant to increase employee comfort and reduce heating costs.
- Ordered a replacement pick-up truck for the water treatment plant.
- Striving to complete projects put on hold for budgetary reasons.
